From the War-Room to the Bench: Navigating AI in the New Legal Frontier

Daniel W. Linna, Jr.

Director of Law and Technology Initiatives and Senior Lecturer /

Northwestern University Pritzker School of Law

For more than a decade Dan has focused his work on applications of artificial intelligence and data analytics for legal-services delivery. Currently, Dan has a joint appointment at Northwestern Pritzker School of Law and in the Computer Science Department of Northwestern McCormick School of Engineering as a Senior Lecturer and the Director of Law and Technology Initiatives. Dan's teaching and research focus on innovation and technology, including the use of artificial intelligence and data analytics to improve legal-services delivery as well as the law, regulation, and governance of computational technologies. Dan is also an affiliated faculty member at CodeX — The Stanford Center for Legal Informatics. Dan received his BA from the University of Michigan, received a second BA and an MA in public policy and administration from Michigan State University, and graduated *magna cum laude*, Order of the Coif from the University of Michigan Law School. Dan began his legal career with a one-year judicial clerkship for U.S. Court of Appeals Judge James L. Ryan. After his clerkship, he joined Honigman Miller Schwartz and Cohn, where he was elected equity partner in 2013. Before law school, Dan was an information technology manager, developer, and consultant.
